Dear Mr. Quadri: I left you a voice mail but I understand you are out of the office today. I have a couple of matters that I would like addressed. First, on behalf of our client, B-D Industries, Inc., we submitted a letter on or about March 25, 2015, to which we have not yet had a response. We feel strongly that B-D Industries should not be a PRP. Secondly, we have agreed to help the other PRPs with respect to bringing City water to the 72 homes the Agency has identified. We have some relationships with the City and are trying to get a cost determination from them. To do so, we need to have better information as to which houses the Agency wants to be provided service. The only document we can find is in the ROD, but it is not detailed enough. We would like street names and street addresses if at all possible. Thank you. Should you have any questions, please let me know. Best,

Stephen A. Studer
